

Kick off Meeting,
London (UK)
11/12/2019

102. FREE CAPACITY BUILDING PROGRAMME, INFORMATION MATERIAL AND GUIDE

IO2. FREE CAPACITY BUILDING PROGRAMME, INFORMATION MATERIAL AND GUIDE (27/2/2020 - 28/8/2020)

IDEC will be coordinating this IO with the support of Asociación Caminos (ES), IARS (UK), S-FRONT (MK) and SYMPLEXIS (GR)

All partner's contribution is most welcome!

102. FREE CAPACITY BUILDING PROGRAMME, INFORMATION MATERIAL AND GUIDE

Focus on:

- ✓ building the capacities of teachers
- ✓ increasing the awareness of parents on identifying cases of gender-based discrimination from children and the appropriate actions towards resolving them.

Target Group:

- ✓ teachers and parents with children attending or to be attending school

A2.1 DESIGN OF THE CAPACITY BUILDING PROGRAMME FOR TEACHERS *IDEC*

Step 1. Specify the didactic methodology (learning goals, objectives and outcomes)

Step 2. Design the capacity building programme for teachers, which will accompany the guide of the collaborative model

Step 3. Determine the four main functions of the didactic method (cognitive, formative, instrumental and normative functions)

Step 4. Development of the curriculum and content
(following the set of skills and competences identified under IO1 and focus on the ones where teachers seem to underperform, under the assessment made during IO1)

A2.2
DEVELOPMENT
OF THE
EDUCATIONAL
MATERIAL FOR
PARENTS
ALL PARTNERS INVOLVED
WITH IDEC TO LEAD

Design of the information material for parents based in the results of IO1 and following the areas of knowledge highlighted as important and also based on the assessment of the existing level of knowledge in those areas, the necessary information material will be designed in order to elevate the existing level of knowledge.

It will also try to explain in simple terms the impact of gender-based discrimination for the life of the child, so that each parent understands the importance of gender-based discrimination.

A2.3
TRANSLATIONS
IN ALL
PARTICIPANT
COUNTRIES
LANGUAGES
ALL PARTNERS INVOLVED

The project material will be developed in English and then will be translated in all the languages of the participating countries (EL, ES, MK).

Given the nature of the issue, proper attention will secure that scientific and politically correct terminology will be used in all project documentation.

The material will be available in electronic format (pdf) and in hard copy format only in case of special needs of specific project participants (e.g. Parents without access to a PC, etc.)
