

# Free from Gender Based Discrimination: Teachers & Parents Together

FREE project web platform

---

ESTER MARIA KALOGEROUDI

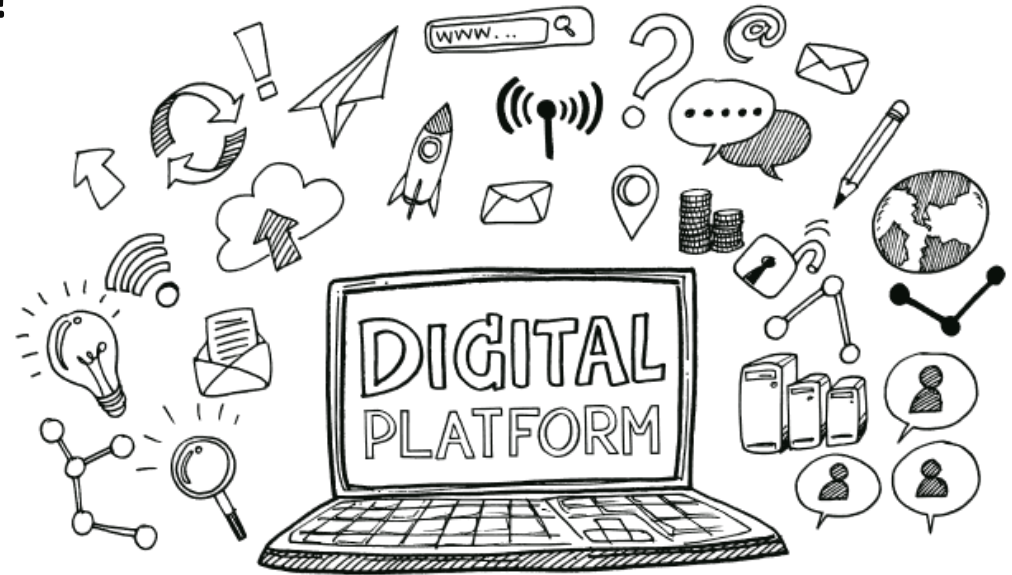

Co-funded by the  
Erasmus+ Programme  
of the European Union

# Subjects discussed in IO3 - FREE project digital platform

---

- Description of output (innovation, impact, transferability)
- What is the role of the web platform?
- What will be on the web platform?
- Division of workload

# Description of output (innovation, impact, transferability)

---

What is the FREE from gender biased discrimination platform?

## innovative web platform functions:

- the main **tool** for the delivery of the **developed capacity building program** for teachers
- **information material** for parents
- **awareness raising** about the project by any user

## Major role in promoting:

- the **sustainability** of the project
- and the roll out of the developed **methodology and tools** (especially after the project closure)

Co-funded by the  
Erasmus+ Programme  
of the European Union

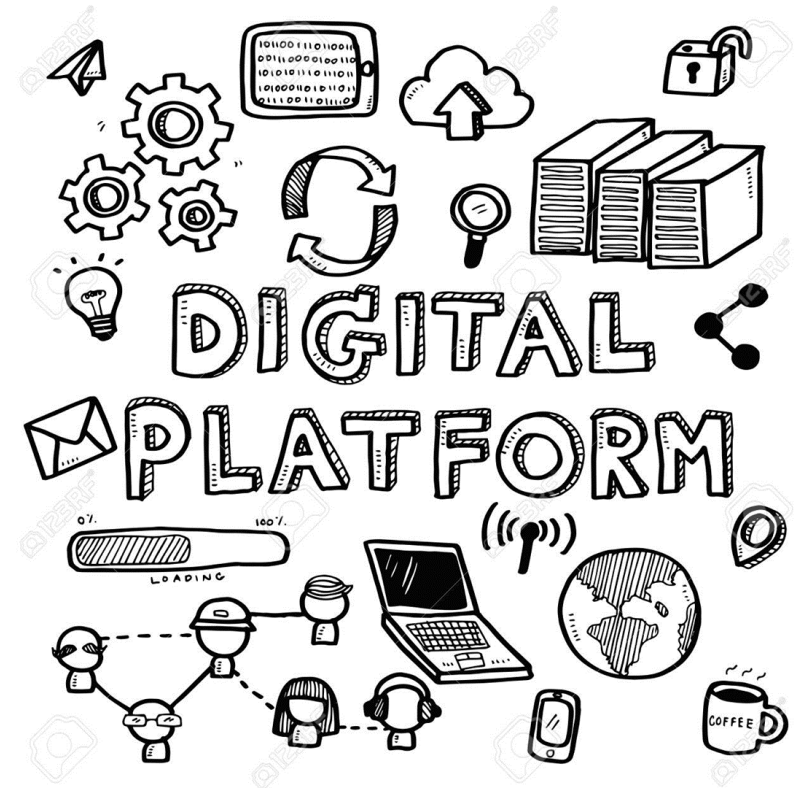

# What will be on the platform?

## On the platform there will be uploaded:

- all **capacity building** material
- **information** material developed
- a detailed **manual** (non-involved teachers & parents)

## Characteristics:

- User-friendly
- Promotion of material adaptation from new participants
- Expansion of dissemination

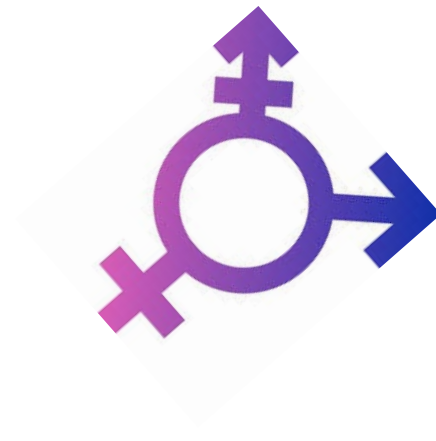

# Elements of Innovation

---

## Capabilities to list:

- the educational settings that apply the method
  - professionals that have adopted it (if desired)
- with incentive for application and recognition

## Issues tackled:

- authentication for new members
- information integrity

## Requirements:

- Information must be updated and accurate

# Impact of the Platform

---

- enables the teachers' capacity building
- allows easy access to all project information
- promotes project adaptation every year on already participating schools
- but also foster expansion to new schools

## **The platform raises awareness and facilitates transferability of all outputs**

- about the project and its benefits
- for involving new participants

To multiply the impact of the entire project

Co-funded by the  
Erasmus+ Programme  
of the European Union

# Division of Workload

---

Tasks of IO3	Lead	Contributions
<b>3.1 User requirements</b>	<i>NOVEL</i>	Personal input by all, Domain and hosting by IARS
<b>3.2 Platform and QA</b>	<i>NOVEL</i>	Languages by all
<b>3.3 Platform Acceptance Testing</b>	<i>NOVEL</i>	Use of platform by all
<b>3.4 Platform Full Launch</b>	All partners	
<b>3.5 Translations</b>	All partners	

# 3.1 User Requirements - NOVEL

## Characteristics:

---

- Involvement of participants is crucial
- All participants' personal input
- Functionality
- Layout
- Accessibility
- All operating systems
- User-friendly
- Content management system
- Integration with social media
- Technical security

## The Platform must facilitate:

- a. The capacity building programme for teachers
- b. Informative online sessions for parents
- c. Awareness raising about the project by any user

Co-funded by the  
Erasmus+ Programme  
of the European Union

**NOVEL**  
Group

## *3.2 Platform Development and Quality Assurance*

---

### **The platform characteristics:**

- state of the art technology and development methods
- professional software development cycles
- undergo test
- based on a Learning Management System (LMS)
- ENG, SPA, GR, MAC

### **So that users can have:**

- online modules & manuals
- assessment tools
- communication with instructors
- a mobile version

## *3.3 Platform Acceptance Testing*

---

- Use of platform by project team and participants
- Teachers' feedback on functional aspects, e.g. accessibility
- Observations for final version

## *3.4 Platform Full Launch*

---

- Full capacity and redundancy against failure
- Proper backup mechanism for platform data

Co-funded by the  
Erasmus+ Programme  
of the European Union

## *3.5 Translations in all partner languages*

---

<b>Asociación Caminos</b>	Spanish
<b>IDEC</b>	Greek
<b>SYMPLEXIS</b>	Greek
<b>Subversive Front</b>	Macedonian

*\*IDEC and SYMPLEXIS will collaborate to create a shared contribution.*
